English Songs

These “how to” videos are made by volunteers to help you learn songs for teaching the Bible to children. These videos are intended to help teachers learn the songs, not to be played as a performance for the children.

Practice by singing along with the video until you feel confident enough to lead the song yourself with the children.

In addition to these traditional songs, you or the children you teach might like to make up original songs. Think about songs children in your town or village like to sing. How about songs in your local language?

Special Note About Songs on this Website: The volunteers in these training videos use traditional lyrics and tunes. Mission Bible Class does not claim to be the original composer or copyright holder.
