

Spinner Review Game

Quickly and easily create your own review game using a piece of paper, pencil or pen and a paper clip. The tip of the pencil is held in the middle of the circle and the paper clip spins around it and becomes the “pointer”. Children answer the question the spinner lands on.

This can be adapted to absolutely any lesson you teach.

[Click here for detailed instructions on how to create and play this easy review game.](#)

In the instructions I used questions from the [Simon the Sorcerer Story](#) as an example.
