

Pick a Card, Any Card

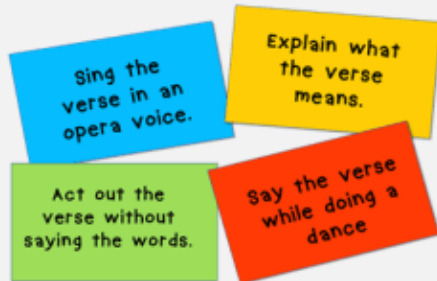

I had a lot of fun this week working with students at the [South Pacific Bible College](#) here, in New Zealand. It was their “Outreach Week” so I got to share with them the importance of reaching out to the children around us.

After talking about that we launched right into some hands-on participation in the behind-the-scenes work of Mission Bible Class. Among other things, the students prepared a demonstration video for the website. In the future teachers around the world will be able to access this free resource when they share God’s Word with children.

[Click here](#) or on the picture below to link to the “Pick a Card” Memory Verse Game demonstration video. I can tell you first-hand that children really enjoy playing this game.

Thanks for your help, Students!

“Pick a Card” Memory Game

Children learn a memory verse by repeating it numerous times in this fun and easy game.
