

God Told Noah Song

Lyrics

(Sung to the tune of "London Bridge is Falling Down")

God told Noah, "Build a boat.
Build a boat. Build a boat.
Make it strong so it will float,
My dear Noah."

God told Noah, "You won't drown.
You won't drown. You won't drown.
Get in the ark when the rain comes down,
My dear Noah."

God told Noah, "I'll shut you in,
Shut you in, Shut you in.
The rest of the world will drown for their sins,
My dear Noah."

For forty days the rain came down,
Rain came down, rain came down,
Water covered every inch of ground,
My dear Noah.

Then the waters went away,
Went away, went away.
God said, "Noah come out today,
My dear Noah."

Noah thanked the Lord on high,
Lord on high, Lord on high.
And God put a rainbow in the sky,
My dear Noah.
